

PE

We will be developing gymnastic skills and team games.

In dance we will be learning about the famous ballet dancer, Joel Kioko whilst learning/developing some ballet positions and movements. We will also be learning some 'Street Dance' moves.

Science

We will be learning about animals including animals. We will name different types, learning about their structures, diets, needs and offspring.

Art and DT

We will make 3D sculptures of dragons and St George. We will study famous sculptures of St George.

We will explore mechanisms, including sliders, levers, axels and wheels when making our own dragons.

Music

The children will use their voices expressively and creatively. They will experiment with, create, select and combine sounds. They will continue to learn to play the recorders.

Maths

We will be learning about multiplication and division, and fractions.

We will also be learning about position and direction and developing our measuring skills.

Geography

We will be learning about the weather and seasonal changes in our country and along the equator.

In Forest school sessions we will learn about compass points and use maps.

History

We are going to be learning about the history of St George and what it was like at the time he lived. We are going to learn how to separate facts from fiction, and why St George is still considered important today.

RE

Who was Jesus and why is he important to Christians today?
Why do Christians call the day Jesus died Good Friday?

PSHCE

Living in the Wider World

ICT

Developing keyboard skills and painting using computers.

The Dragon Machine

Wrens Class Year 1 and 2
Spring 1 2023/2024

English

Text: The Dragon Machine

We will work towards writing a story in first person from new character's point of view to allow for description of emotions and viewpoint throughout the story.

Phonics and guided reading

Year 1: Unlocking Letters and Sounds

Year 2: Pathways to read
